EXPERIENCE

01 / INTRODUCTION

A complete creative stall solution

Your exhibition space is an opportunity to showcase your brand, products and story to buyers, partners, investors and industry professionals.

Built around your brand

Ultra Events brings design, printing, production, LED displays, VFX and full installation support together in one complete service. We create spaces that help your business stand out, connect with the right audience and open new opportunities.

Creative design

Brand-led concepts and visual storytelling.

Flex printing & branding

Coordinated graphics across every surface.

LED & digital displays

High-impact screens and product presentations.

VFX & motion graphics

Moving content that brings ideas to life.

Production & installation

Your concept made, fitted and finished.

Complete support

Practical assistance throughout your event.

Turn your allocated space into a powerful brand experience.

02 / WHY YOUR STALL MATTERS

A powerful platform for opportunity

A well-designed stall attracts the right audience, builds trust and starts meaningful conversations that can reach beyond the exhibition floor.

Attract attention

Build credibility

Start conversations

Reach global markets

Your brand on a bigger stage

Your stall is more than just a space. It is a platform to introduce your products, communicate your story and open doors to new markets. A considered design helps visitors understand what makes your business distinctive.

A memorable experience creates lasting value

Professional design brings your brand to life and showcases your uniqueness. An immersive experience helps visitors remember you and keeps connections with buyers, investors and partners meaningful beyond the event.

03 / CREATIVE STALL DESIGN CONCEPTS

Six directions. Your unique identity.

From natural and cultural themes to modern, high-tech displays, we create immersive spaces designed to attract, engage and inspire.

01 Nature & sustainability
Showcasing a greener tomorrow.

02 Technology & innovation
Bold ideas for a brighter future.

03 Food & beverages
Authentic flavours, global appeal.

04 Apparel & textiles
Crafting fashion for the world.

05 Tourism & lifestyle
Extraordinary experiences await.

06 Multi-sector solutions
Many products. One coherent brand story.

04 / INDUSTRY-SPECIFIC STALL CONCEPTS

Diverse industries. Global opportunities.

A tailored setting for your products, your audience and the way you do business.

01 Food & beverage

Tasting counters, product displays and welcoming hospitality.

02 Tea

Origin stories, product presentation and sampling spaces.

03 Spices & concentrates

Distinctive packaging, ingredient stories and vibrant displays.

04 Coconut & organic products

Natural finishes, product ranges and clear brand storytelling.

05 Apparel & fashion

Garment rails, mannequins and tactile textile presentation.

06 Gemstones & jewellery

Focused lighting and refined product showcases.

07 IT / BPM

Screen-led presentations, live demos and meeting zones.

08 Electrical & electronics

Practical product demonstrations and technical displays.

09 Seafood & aquaculture

Visual product stories and spaces for buyer conversations.

10 Rubber & auto components

Component displays and application-focused presentations.

Lightweight panels for crisp visual messaging.

Fabric graphics

Seamless, tactile graphics for display structures.

3D lettering

Dimensional brand names and logo features.

Wall graphics

Transform plain walls into branded environments.

Directional signage

Help visitors navigate with clear information.

Stall fascia

A recognisable brand presence above the space.

Product display panels

Present product benefits and key information.

Promotional counters

Bring your branding to the first point of contact.

Branded furniture

Carry a consistent identity into the seating area.

Powerful brand presence. A lasting impression.

07 / LED, VFX & DIGITAL EXPERIENCE

Bring your brand to life

Make your stall impossible to ignore with moving visuals, immersive content and interactive displays.

LED video walls

Stunning large-scale LED displays.

Indoor LED screens

High-resolution indoor displays.

Product presentation screens

Showcase your products effectively.

Brand animation

Bring your brand to life.

Corporate videos

Tell your story with impact.

Product demonstrations

Engage through real-time visuals.

Motion graphics

Dynamic content for maximum impact.

VFX content

Create immersive experiences.

Animated logos

Make your brand memorable.

Social media content

Short-form content for wider reach.

Countdowns & promotions

Build excitement and drive engagement.

Interactive digital displays

Touch. Explore. Experience.

CONTENT THAT CONNECTS

Product animation / 3D product visuals

Manufacturing process content / Brand films

08 / OUR IN-HOUSE EQUIPMENT

Control from production to installation

Our own equipment and production facilities support high quality, efficient turnaround and better control over the entire production process.

Equipment imagery is illustrative.

Large-format flex printer

Large-scale printed graphics.

UV flatbed printer

Direct printing on rigid surfaces.

Vinyl cutting machine

Precision-cut lettering and shapes.

LED video wall panels

Modular screens for visual impact.

LED processors & controllers

Consistent screen content and control.

Truss & stage equipment

Structures for lighting and displays.

Fabrication workshop

Custom-built stall components.

Printing & finishing section

Production, finishing and detailing.

Installation equipment

Tools for a professional site setup.

Precision in making. Quality in finishing. Confidence on site.

09 / OUR PROCESS

From concept to completion

A simple, professional process that keeps your brand, objectives and practical requirements at the centre of every decision.

01

Understand

We listen to your goals, understand your brand and identify your specific requirements.

02

Design

Our creative team develops tailored design concepts that reflect your vision and objectives.

03

Visualise

We create detailed 3D visualisations so you can experience your space before it is built.

04

Produce

With our in-house equipment and skilled team, we bring designs to life with precision, quality and speed.

05

Install

Our expert crew ensures a smooth, safe and efficient installation, on time and on budget.

06

Support

We provide on-site support during the event and remain available for post-event needs.

**One connected team.
One coherent brand experience.**

10 / ADD-ON SERVICES

The details that make the difference

Enhance your exhibition experience with professional add-ons designed to increase visibility, engage visitors and make a lasting impact.
